[Brazilian Mathematical Olympiad of Public Schools 2019 \(OBMEP\)](#)

ABOUT ME

I am pursuing a Bachelor's degree in Computer Science at University of Brasília. My background includes web application development, and collaborating effectively within teams to deliver projects from conception to deployment and maintenance using agile methodologies. When I'm not working, I like running, cooking and solving competitive programming problems.

EXPERIENCE

WEB DEVELOPER

simpleasy • Set 2024 - Out 2024

I participated in a one-month internship in Tokyo, fully funded by the Japanese government. My primary responsibility was to develop the company's website.

SOFTWARE DEVELOPER

GE Caio Martins • Mar 2023 - Fev 2024

In a team of three, we developed a system to manage finances for a scouting group. This system enabled the management of monthly fees and group expenses, the generation of monthly report PDFs, and the issuance of non-taxable receipts.

WEB DEVELOPER

CJR • Jan 2020 - Jun 2022

I worked as a volunteer at CJR, a junior enterprise at the University of Brasília, where I participated in various web application projects. I also managed projects and organized the company's trainee process.

SKILLS

Javascript
Typescript
React.js
Next.js

Tailwind
NestJS
SQL
Git

C++
Python
Java
Ruby on Rails
